Improve Cash Flow

aXicom will speed up your cash collections. Your DSO (Day Sales Outstanding) will go down. Your Cash Flow will go up.

Reduce Operating Costs

aXicom will reduce the time spent processing transactions which will result in significant cost savings. Transmitting invoices by e-mail and fax will significantly reduce your costs of billing.

Increase Productivity

aXicom will improve your business processes and deliver efficiencies that lead to higher employee productivity.

aXicom is the comprehensive forms and report delivery solution which facilitates today's key business process — *communication*. With the click of a button from within Microsoft Dynamics GP you can send your Crystal Forms and Reports to your customers, vendors and employees by e-mail, fax or to a printer.

With aXicom you can easily automate your processes to deliver up-to-the-minute, decision driving information to those who need it, when they need it and in the format they want it. Completely integrated with Dynamics GP, aXicom ensures ease of use for distributing your Crystal Forms and Reports.

Toggle between multiple Dynamics GP companies — your Crystal Templates will automatically work with all of your companies.

Distribution Lists allows you to send your document to multiple recipients.

All transactions are logged and archived — you have a record of what was sent, to whom it was sent, and when it was sent. You also have a PDF file of exactly what they received which can be resent with the click of a button.

Secure access to modules and reports is managed here.

aXicom's full featured Help includes an extensive user guide, online help and updates.

aXicom makes it easy to tailor your user preferences.

See what you are sending before it's transmitted.

aXicom's powerful search feature makes it easy to select your transactions based on multiple criteria.

Fully integrated with Dynamics GP — all modules provide a simple and efficient way to view and deliver your Crystal Forms and Reports.

Use your own reports and forms or the ready-made Crystal Forms and Reports that come bundled with aXicom.

Once your documents are selected for distribution, Auto Process draws the recipient's address information and delivery method preference from the Customer Database and distributes the documents.

Scheduling the delivery of your documents is quick and easy — put your reports into the hands that need them, when they need them.

Whether it's invoices, quotes, purchase orders, statements, or sales reports, aXicom is the complete tool to manage and deliver your Crystal Forms and Reports, and streamline your business processes.
